## MENTORING

We match you with a budget mentor to work with you to reach your personal financial goals, using curriculum from the Chalmers Center and Crown Financial. This class runs approximately 4 weeks, but your mentor walks with you to help you reach your goals for 6-12 months after. We ask that you attend one of our other classes after the initial financial class to help strengthen your walk with God and encourage your own personal transformation.

# Who is this for?

## ANYONE!

If you're tired of living paycheck to paycheck, looking for new ways to budget your money, or wanting to see what God says about money and spending, we're here for you!

Not looking for financial help at this time? We've got classes that focus on healthy relationships with others (not just significant others!), affirming potential, and serving others effectively.

# How is this different?

We walk with you as you go through our classes. We celebrate with you, we cry with you, and most importantly we pray with you and we pray for you! We want you to experience a transformed Christ-filled life, not just a handout.
